

Wallisdean Stay Safe Online Newsletter Summer 2021

This half term in our E-Safety Assemblies the children learnt about what to do if something happens online that makes them feel unhappy or worried. They recapped our Acceptable User Rule:

- ◆ I will tell an adult immediately if I see or receive anything I am unhappy with or I do not like

The children talked about who their trusted adults would be, when to ask for help and how they might ask. Year 2 also learnt about the difference between secrets and surprises and that if someone tells you a secret that makes you feel uncomfortable or worried to tell an adult.

Home Activity Idea

Talk about who your trusted adults are at home. Who could you ask for help? Draw round your hand and write the names of your trusted adult on each finger. Stick in on the fridge or the wall as a reminder. Other questions to talk about:

Can you think of when you might ask for help?

What might you say when you ask for help?

What would you say to a friend who felt worried about something online?

The children have made class ones at school too!

Our children have been talking about **gaming**. For advice read this attached *Game Safe Guide*.

For more activities to do together check out this attached *Family Activity Sheet*.

Family Activity Sheet – Gaming

This activity sheet has been created to help you to learn more about online gaming and how to stay safe when playing.

Wallisdean Stay Safe Online Newsletter Summer 2021

This term, in our ESafety sessions, we introduced the children to Internet Legends. This Scheme of Work, has been developed by Google in Partnership with Parent Zone.

The programme is based around 5 key fundamental pillars; **Think Before you Share (Be Internet Sharp)**; **Check it's For Real (Be Internet Alert)**; **Protect Your Stuff (Be Internet Secure)**; **Respect Each Other (Be Internet Kind)**. The fifth pillar brings everything together; **When in Doubt, Discuss (Be Internet Brave)**. Each year group focused on a different pillar. The messages within each pillar are not new; they build on the SMART rules that they learn in Year 3 and they bring together the skills our children need to be safe and confident online.

Be Internet Legends Interland

Children can continue their journey to become Internet Legends with Interland, an online adventure that teaches the key lessons of internet safety through four fun, challenging games.

This interactive platform builds on the key messages that the children have learnt during their sessions.

To access Interland, go to https://beinternetlegends.withgoogle.com/en_uk/interland

You may also like to print off a copy of the **Be Internet Legends Family Pledge**, to read through and sign as a family, especially as we go into the summer holiday.

Some of our older children have been talking about TikTok. The official age rating for this social media platform is **13+** however some children are already curious and exploring this platform. As our Year 6 children move on to secondary, you might like to read the helpful TikTok Parent Guide accompanying this term's newsletter.
