

## E-safety Newsletter Summer Term Edition

### What have we been discussing in the Junior School this term?

In Lower School we have been learning about how to be Internet Secure and Internet Sharp. We have discussed how to keep accounts and information safe as well as what is OK to share and post through exploring different scenarios.

Upper School have been using some of our new Project Evolve resources this term.

**Year 5:** I can explain the importance of giving and gaining permission before sharing online.

**Year 6:** I can explore ways people can develop a positive online reputation.

**Year 6:** I can explore different strategies to limit the impact of technology on health.

### STAY SAFE ONLINE THIS SUMMER

Over the Summer, there are many ways that technology can be used positively for computer savvy pupils. National Online Safety have put together an edtech (Educational Technology) guide for those gamers, sports fans, readers, explorers and photographers out there! You will find a copy attached with this newsletter.

Also, you will find a poster attached with ways to stay safe online this summer. Challenge your children to find as many tips as they can!

If you haven't already, why not use the summer holidays as an opportunity to sign up to

#### Internet Matters Family Digital Toolkit.

Answer a few simple questions about your child's digital habits to get your **free personalised toolkit**, pack full of useful written guides, short videos and articles. Create your account by visiting:

<https://www.internetmatters.org/digital-family-toolkit/>

Thank you to the families who completed our e-safety questionnaire. The feedback is valuable to us so that we can make sure we are supporting families with E-safety resources and information. Over half of you attended the SID event in the spring term and found working with your children useful. We were pleased to hear 90% of families find the termly newsletter useful!
